Bariatric Surgery (Around The World One Of The Most Important Medical Procedures Used To Treat Obesity Is Bariatric Surgery-Read This Book Book 1)

Synopsis

If youâ™re one of the thousands of people considering Bariatric Surgery or Weight Loss surgery, you have to read this book. Bariatric surgery â “ weight and treatment, primarily focus on the reason, prevention, and treatment of morbid obesity, a condition where the individual normal body weight is one hundred pounds or greater than what their normal body weight should be. This procedure will change the ability and the makeup of their digestive system. The American Society for Bariatric Surgery is the largest surgical society in the world, and they are here to help stop obesity before it becomes a health problem. This digital Bariatric Surgery book is written for the individual whoâ™s considering weight loss surgery. The person; who realizes obesity is a threat to their health. The person; who want to find out exactly whatâ™s a bariatric procedure, and the person; who need to know if they will have the will power to go through with their surgery. The person; who want to find out what the short and long term effects are, and potential benefits. The person; who like to be given options and preparation steps before surgery. The person; who want to know what the side effects are. The person; who wants to understand what sort of post surgical diet, they will have to follow. On the inside you will find information on:â ¢Obesity Dangers Are No Hypeâ ¢What Is a Bariatric Procedure?â ¢Bariatrics and Will Powerâ ¢Short and Long Term Effectsâ ¢The Potential Benefits of Bariatric Surgeryâ ¢Your Bariatric Procedure Optionsâ ¢Your Bariatric Surgery Preparation Stepsâ ¢What are Bariatric Dumping Syndrome, and How Can You Avoid It?â ¢Your Post-Bariatric Procedure Diet - Vitamins & Mineralsâ ¢The Post-Bariatric Surgery Diet: Your Protein Needsâ ¢Your Post-Bariatric Procedure Diet: Liquids and moreNow itâ™s up to you, if youâ™re one of the thousands of people considering Bariatric Surgery or Weight Loss surgery, you have to read this book.

Customer Reviews

This was light on the procedures but gives a very thorough telling of the impact your mentality on the success of the procedure. Luckily I had a friend that had the surgery and this book is spot on about what is required to make it a success.

Contains many typos. Some information is skewed. A normal bmi is 19-24. Please have a medical person edit next time.
