# Health Informatics: An Interprofessional Approach, 1e

Synopsis

Health Informatics: An Interprofessional Approach was awarded first place in the 2013 AJN Book of the Year Awards in the Information Technology/Informatics category. Get on the cutting edge of informatics with Health Informatics, An Interprofessional Approach. Covering a wide range of skills and systems, this unique title prepares you for work in todayâ ™s technology-filled clinical field. Topics include clinical decision support, clinical documentation, provider order entry systems, system implementation, adoption issues, and more. Case studies, abstracts, and discussion questions enhance your understanding of these crucial areas of the clinical space.31 chapters written by field experts give you the most current and accurate information on continually evolving subjects like evidence-based practice, EHRs, PHRs, disaster recovery, and simulation.Case studies and attached discussion questions at the end of each chapter encourage higher level thinking that you can apply to real world experiences.Objectives, key terms and an abstract at the beginning of each chapter provide an overview of what each chapter will cover.Conclusion and Future Directions section at the end of each chapter reinforces topics and expands on how the topic will continue to evolve.Open-ended discussion questions at the end of each chapter enhance your understanding of the subject covered.

Average Customer Review: 4.2 out of 5 starsÂ Â See all reviewsÂ (20 customer reviews)

Best Sellers Rank: #24,535 in Books (See Top 100 in Books)   #3 inÂ Books > Textbooks > Medicine & Health Sciences > Research > Biostatistics   #4 inÂ Books > Medical Books > Basic Sciences > Biostatistics   #5 inÂ Books > Medical Books > Medical Informatics

Customer Reviews

Only ordered because it was required for a class. Boring to read. Nothing about this book was interesting. Passed the class hated the book!!

I was promised a 7day free trial on Kindle. I downloaded the ebook, but nothing popped up. Then, I was asked to pay the full amount in order to read it. Lies and deception!

Perfect solution. Reasonable priced. I not longer need the materials and the short rental worked perfectly.

Excellent merchant. Package arrived in 2 days of ordering. Book was brand new. Thank you

ARRIVED AS DESCRIBED. WOULD ORDER AGAIN, THANKS.KISHA M.

Bought for nursing school. Better price vs the college bookstore!

Fast shipping, great price!

If you enjoy the class, it's a great book. If you don't, it's a terrible book. I find the subject interesting, so for me, it's a great book.
