Customer Reviews

A lot of these definitions and common phrases come in handy while traveling. I found this easy to use, containing things I'd like to say frequently. The lamination and thick pages will stand up to a lot of abuse, even water spills.

Bought the entire series in Spanish by BarCharts to go along with the fun Fluenz Latin American Spanish Learning program (also recommend it). There are a number of them and all are great. They are all very good tools to use while learning or for quick 5 minute review sessions whilst anywhere. Rote learning along with conversational Spanish with native speakers is best. Plastic bonded is easy to keep clean. Durable for on the go travel. Love them for quick referencing when needed, especially while writing in Spanish language for guest blog posts not written in your native tongue. Highly recommend these learning tools. Like any tools, unused they become useless. Use them, you can become proficient in the language you wish to learn. Use it or lose it and the same is held true for languages. Please pardon the same review for all the BarCharts. They are all great.

Excellent materia and easy to follow and understand. My young children (11 and 13) spent 6 weeks in Spain and this Spanish guide was easy for them to follow and learn and at the end of 4 weeks they both were writing and reading basic Spanish. Highly recommended.

Very helpful! I keep it at my desk at work as I am in sales and find it helpful when trying to communicate with a Spanish speak customer.

Arrived fairly quickly. This is pretty much a semester of spanish in one, easy-to-use brochure/pamphlet thingy. useful.
